

1/24 GERMAN MOTORCYCLE ZUNDAPP KS750 w/SIDECAR

#24-004

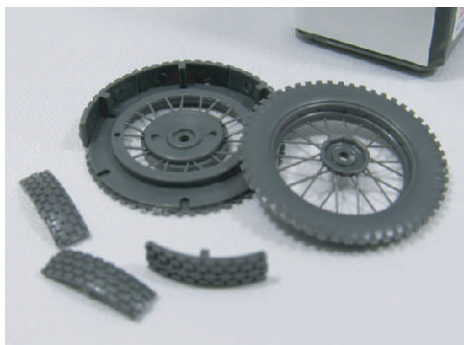

The second release in the 1 / 24 scale series the Zundapp KS750 motorcycle with sidecar, widely used by the German army during World War II.

The sidecar frame modeled using the BW40 torsion bar suspension.

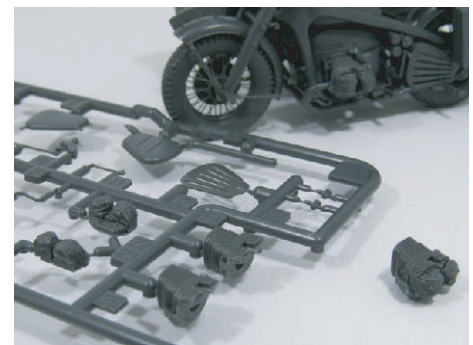

The published photograph is the prototype of upper hull. Product edition may differ.

Five types of Decals including German Army Eastern Front, and Africa Corp in Tunisia.

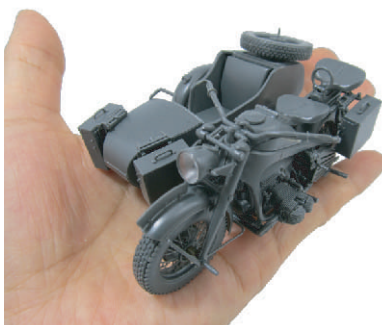

The tires are constructed using a sandwich system of six parts to reproduce the extreme fineness of the spokes possible at the limits of injection molding.

Engine parts precisely reproduced.
